didn't want to put into words..Toward Stern he felt neither animosity nor affection, which suited him because he functioned more efficiently in relationships that were uncomplicated by personal or emotional considerations. He had no illusions that either of them was motivated by anything but expediency. Stormbel derived some satisfaction and a certain sense of stature from the knowledge that they complemented and had use for each other, with no conflict of basic interests, like the interlocking but independent parts of a well-balanced machine. CELIA KALENS STRAIGHTENED the kimono-styled black-silk top over her gold lamé evening dress, then sat back while a white-jacketed steward cleared the dinner dishes from the table. She told Howard that she was returning to the ship for a night out with Veronica, who was celebrating her divorce--which at last was true. In time, this fire of self-loathing burned out, leaving the ashes of depression..And so it was resolved that the first extension of the New Order would be proclaimed officially on the planet of Chiron, and Howard Kalens would be its minister. He had gained the first foothold of his empire. "It's the beginning," he told Celia later that night. "Ten years from now it will have become the capital of a whole world. With a.. "I've talked to shrinks. They're all crazy. How do they know whether I know me or not? Do you know how your head works inside?" Anita shook it in a way that said she didn't care all that much either.
